## **MAYORAL BUDGET SPEECH**

#### Part 1 - Draft Annual Budget

#### 1. MAYORAL BUDGET SPEECH

- Mr Speaker, Cllr Z Mngonyama;
- Deputy Mayor, Cllr EB Ngubo
- Colleagues in the Executive Committee
- Chairperson to MPAC, Cllr Jili
- Fellow Councillors
- oNdabazitha/ Amakhosi
- All Distinguished Guests present;
- The entire Management led by the Municipal Manager
- Ladies and Gentleman, and everyone present Good day

I am very honoured to be presenting the draft budget for the year ending 30 June 2018 and the MTEF ending in 2020. I am elated to present this budget which is a tool in implementing our IDP.

Our country is face with tough economic times, with a very low economic growth, even close to non-existence. Ubuhlebezwe Municipality is not immune to this predicament. The limited resources which are required to finance the social needs, infrastructural needs, educational needs, security needs etc., of our country has led the government with no choice but to borrow money to finance the deficit in our national budget. This therefore means more expenditure in repayment of debt. We have noted with concern the decrease in our municipal allocation of conditional and unconditional grants.

Mr Speaker and council at large, the year 2017 also marks the year wherein, one of the greatest leaders, Oliver Reginald Tambo, would have turned one hundred (100) years had he been alive. O.R. Tambo was a selfless leader who fought for unity in diversity and the liberation of black people against white domination. As this council, we also celebrate with African National Congress and the world, the life of a great leader, a patriot and one of the people who worked with the National Action Committee to draft the freedom charter. It is unfortunate that he lost his life on the verge of democracy and never tasted the freedom that he so much fought for. Today we salute Oliver Reginald Tambo as Ubuhlebezwe Municipality.

Mr Speaker, we are gathered in this fashion to table the draft budget of Ubuhlebezwe Municipality for the year 2018 and three outer years. I am therefore

presenting this budget as charged by the Municipal Finance Management Act as well as the Municipal Systems Act.

The budget is prepared according to the National Treasury guidelines, the budget reforms as well as circular 86 from National Treasury.

It is also important that this council notes the fact that we adopted the gazette as issued by National Government on the new business reforms in the form of mScoa. It is within this obligation that council is expected to produce budgets that are mScoa compliant with the implementation date being 1 July 2017. Any form of change is never easy; however the municipality has pushed to ensure compliance with the laws and regulations relevant to mScoa implementation. I am pleased to present an mScoa compliant budget albeit more work still needs to be done.

The budget I am presenting today is characterised by Operational and Capital Budget.

Mr Speaker, the municipality must tighten its belt and strategically allocate the scarce resources in order to try and meet the service delivery needs of the people of Ubuhlebezwe. I am saying this considering the fact that Ubuhlebezwe Municipality has fourteen wards due to demarcation as opposed to the twelve wards in the prior years.

The budget that I am presenting today is only a draft and will be adopted by this council in May after having been taken to the people of Ubuhlebezwe for comments. Mr Speaker, Section 6(1) of the Municipal Systems Amendment Act states "a municipality's administration is governed by the democratic values and principles embodied in section 195(1) of the Constitution".

Section 6(2) (a) further requires each municipality "to be responsive to the needs of local community and to facilitate a culture of public service and accountability amongst staff"

The budget is presented in detail below as required by the MFMA and the Municipal Budget Regulations.

As council and management, it is our responsibility to ensure that the budget presented today is credible and implementable. It is through this kind of unity that the flag of Ubuhlebezwe will be lifted. We are also not complacent and have put it upon ourselves to ensure that we "copy good things" from other institutions.

#### 1.3 EXECUTIVE SUMMARY

#### 1.3.1 Introduction

This 2016 to 2020 Tabled Medium Term Revenue and Expenditure Framework(MTREF) Budget Report deals with the operating budget and tariff proposals as well as the capital budget and funding sources proposal to ensure that Ubuhlebezwe Municipality renders services to their local community in a financially sustainable manner.

#### 1.3.2 Past performance

Ubuhlebezwe Municipality has now attained Clean audit reports for the past consecutive four years. The clean audit is directly aligned to performance and service delivery. The good results positively reflect service delivery improvements as well as good financial management. Good performance reflects a positive image of Ubuhlebezwe leadership in rendering its services, transparency and equally its ability to render services to the community at large.

#### 1.3.3 Financial Sustainability

Financial sustainability over the long-term has to do with the maintenance of high priority expenditure programs, both operating and capital, to ensure program sustainability and desired quality of services to be rendered. There must also be rates and service charges stability and predictability in the overall rate burden by ensuring reasonable rates and service charges to fund programs.

The application of sound financial management principles for the compilation of the municipality's financial plan is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

#### 1.3.4 Budget Summary

The following table is a consolidated overview of the proposed 2017/2018 draft budget and medium term revenue and expenditure framework:

and contributions)											

Total operating revenue has increased by 14% from the adjustments budget of 2017/2018. The municipality has budgeted R11 million for the sale of land which has also contributed to the increase. Furthermore the Equitable Share has increased by R4million compared to the current year. Whilst this may sound as an increase, it must be noted that Ubuhlebezwe Municipality inherited two wards from Umzumbe Municipality. This therefore means more wards to be serviced with the limited resources.

Total operating expenditure for the 2017/2018 financial year has been appropriated at R141 215 000 including Non-Cash Items of R20 900 000. This therefore translates into a surplus of R19 932 000, which effectively finances the capital expenditure. When compared to the 2015/2017 Adjustments Budget, operational expenditure has increased by R14 223 000 which is 11% of the adjustments budget. Whilst other operational grants, like the EPWP grant have decreased with almost 50%, the equitable share has increased by R4million contributing to the increase in operational expenditure.

The capital budget of R61 674 000 for 2017/2018 which is R5 301 000 less than the adjustments budget and further translates to a decrease of 7.9%. The budget is mainly funded by conditional grants with own revenue only set at 23% of the capital budget.

#### 1.4 Operating Revenue Framework 8

For Ubuhlebezwe Municipality to continue improving the quality of services provided to its citizens it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The reality is that we are faced with development backlogs and poverty. The expenditure required to address these challenges will inevitably always exceed available funding, hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues.

The municipality's revenue strategy is being reviewed for relevance and effectiveness. The municipality has also embarked on a stringent data cleansing to ensure that revenues due to the municipality are received and timeously. The municipality has seen significant improvements on revenue collection for the months of January and February 2017 due to this exercise. The strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy
- Efficient revenue management, which aims to ensure a 99 per cent annual collection rate for property rates and other key service charges,
- Determining the tariff escalation rate by establishing/calculating the revenue requirement of each service
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act,2004(Act 6 of 2004)MPRA,
- Increase ability to extend new services and recover costs
- The municipality's Indigent Policy and rendering of free basic services and
- Tariff policies of the Municipality

In line with the formats prescribed by Municipal Budget and Reporting Regulations, capital transfers and contributions are excluded from the operating statement, as inclusion of these revenue sources would distort the calculation of the operating surplus or deficit.

Grants remain the largest revenue source.

#### Property Rates

The municipality has resolved to increase the rates and service charges by 5%. This led to the budget for rates to be R 15 748 000 for the 2017/2018 financial year. The municipality has effected this increase notwithstanding the fact that the budget for rates was adjusted downwards during the current financial year. The revenue collection strategies and data cleansing is reflecting a positive feedback, which invariable so, means more revenue collection. The municipality will implement a new valuation roll effective from the 1 July 2018.

#### Refuse / Service Charges

This refers to refuse removal income that the municipality collects as budgeted. The proposed budget for services amounted to R 1 990 710 for 2017/2018.

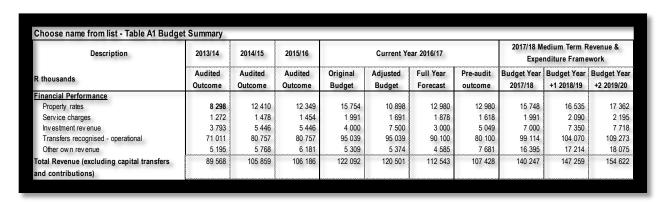

The municipality is also cognisant of the fact that the budget for refuse was adjusted downwards during the current financial year. However the revenue collection improvements are a core reason for the budget to be set at R1.9million.

Below is a revenue collection chart which reflects billed amounts versus cash collected:

The municipality's tariff of refuse collection is not cost reflective, due to affordability of the community as well as unemployment rate within the municipal area. The section is therefore run at a loss and funded by the municipal funds.

An increase of 5% on tariffs has been used across the board.

#### 1.5 Operating Expenditure Framework 11

The total operating expenditure for 2017/2018 financial year has been appropriated at R141 215 000. The Municipality's expenditure framework for the 2017/18 budget is informed by the following:

- Balanced budget constraint(operating expenditure should not exceed operating revenue)unless there are existing uncommitted cash-backed reserves to fund any deficit
- Funding of the over the medium-term as informed by Section 18 and 19 of the MFMA.
- Strict adherence to the principle of no project plans no budget. If there is no business plan no funding allocation can be made.

#### • Employee Related Costs

This refers to the salaries and benefits paid to employees, currently the municipality has tentatively budgeted 6% for salary increases. The proposed total cost to employer amount to R64 857 000. This amount excludes the Councilors Remuneration which is R9 855 000. The amount of employee related costs also includes new position that were previously not funded in the budget but approved in the Municipality's organogram.

#### Provision for doubtful debts.

The provision of debt impairment was determined based on an annual collection rate. For the 2017/2018 financial year this amount equates to R1 900 000. While this expenditure is considered to be non-cash item, it informed the cost associated with rendering the services of the municipality, as well as the municipality's realistically anticipated revenues.

#### Depreciation

Provision for depreciation and asset impairment has been informed by the Municipality's Asset Management Policy. Depreciation is widely considered a proxy for the rate asset consumption. Budget appropriations in this regard total R19 000 000 for the 2017/2018 financial year and equates to 8 per cent of the total operating expenditure.

#### • Repairs and Maintenance

In line with repairs and maintenance plan this group of expenditure has been prioritised to ensure sustainability of the Municipality's infrastructure assets. The amount of R 3 501 000 has been budgeted for 2017/2018.

#### Contracted Services

The budget of R 6 686 000 has been set aside for contracted services, this refers to lease payable for printing and photocopying machines that municipality is using, security, car tracker, Insurance ect.

#### Transfers and Grants/ Free Basic Services

The social package assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services the households are required to register in terms of the Municipality's Indigent Policy. The budget of R 4 221 000 has been set aside.

#### Other Expenditure

Other expenditure is the general expenditure incurred by the municipality for its operations, the amount of R31 194 000 is projected.

#### 1.7 Annual Budget Tables-

## 1.7.1 Explanatory notes to MBRR Table A1-Budget Summary for 2017/2018 Financial year.

- Table A1 is a budget summary and provides a concise overview of Ubuhlebezwe Local Municipality's budget from all the major financial perspectives (operating, capital expenditure, financial position, cash flow and MFMA funding compliance.
- The table provides an overview of the amounts approved by Council for operating performance, resources deployed to capital expenditure, financial position, cash and funding compliance, as well as the municipality's commitment to eliminating basic service delivery backlogs.
- Financial management reforms emphasises the importance of the municipal budget being funded. The Budget Summary provides the key information in this regard;
  - > Transfer recognised is reflected on the Financial Performance Budget
  - Internally generated funds are financed from a combination of the operating surplus and accumulated cash-backed surplus from previous years. The fact that the municipality's cash flow remains positive, and is improving indicates that the necessary cash resources are available to fund the Capital Budget.
- Even though the Council is placing great emphasis on securing the financial sustainability of the municipality, this is not being done at the expense of services to the poor. The municipality is committed to provide free basic services to the needy community. In addition, the municipality continues to make progress in addressing service delivery backlogs.

# 1.7.3 Explanatory notes to MBRR Table A3-Budgeted Financial Performance (revenue and expenditure by municipal vote)

Table A3 is a view of the budgeted financial performance in relation to the revenue and expenditure per municipal vote. This table facilitates the view of the budgeted operating performance in relation to the organisational structure. This means it is possible to present the operating surplus or deficit of a vote. The table shows the analysis of the surplus or deficit

# 1.7.5 Explanatory notes to Table A5 - Budgeted Capital Expenditure by vote, standard classification and funding source

- Table A5 is a breakdown of the capital programme in relation to capital expenditure by municipal vote, capital expenditure by standard classification, and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.
- The capital programme is funded by grants, donations where necessary and internally generated funds.
- Ubuhlebezwe's capital budget is mainly funded by grants with MIG and DoE (Electrification) being the highest funders. It must also be noted that the electrification project is budgeted for under capital expenditure simply because whilst the project is still work in progress is becomes capital in nature; however as soon as the project is transferred to the home owners, it then gets transferred to operational expenditure.

## 1.7.6 Explanatory notes to Table A6-Budgeted Financial Position

 Table A6 is consistent with international standards of good financial management practice, and improves understand ability for councillors and management of the impact of the budget on the statement of financial position(balance sheet)

- This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version.
- Any movement on the budgeted financial performance or the capital budget will inevitably impact on the Budgeted Financial Position. As an example, the collection rate assumption will impact on the cash position of the municipality and subsequently inform the level of cash and cash equivalent at year end.
- Table SA3 provides a detailed analysis of the major components of a number of items, including
  - > Call investments deposits
  - Consumer debtors
  - > Property, plant and equipment
  - > Trade and other payables
  - > Provisions non current
  - > Change in net assets,
  - > Reserves
- The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets on the municipality belong to the community.

1.7.7 Explanatory notes to Table A7 - Budgeted Cash Flow Statement

- The budgeted cash flow statement is the first measurement in determining if the budget is funded.
- It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.
- Cash and cash equivalent totals R57 231 000 as at the end of the 2017/2018.

The municipality holds short term investments. The total investments as at 28 February 2017 totaled R133 303 243. Unspent grants as at 28 February 2017 equaled to R24 273 363 leaving cash and cash equivalents available at 28 February 2017 at R109 029 880. The fixed cost per month is estimated at R7million.

# 1.7.8 Explanatory notes to Table A8 - Cash Backed Reserves/Accumulated Surplus Reconciliation

 The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.

29,963

(17,658)

(17,658)

- In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
- The outcome of this exercise would either be a surplus or deficit. A deficit
  would indicate that the applications exceed the cash and investments
  available and would be indicative of non-compliance with the MFMA
  requirements that the municipality's budget must be funded

- As part of the budgeting and planning guidelines that informed the compilation of the 2017/2018 MTREF the end objective of the medium framework was to ensure the budget is funded aligned to section 18 of the MFMA.
- Considering the requirements of section 18 of the MFMA, it can be concluded that the adopted 2017/2018 MTREF is funded

#### 1.7.9 Explanatory notes to Table A9 - Asset Management

- Table A9 provides an overview of municipal capital allocations to building new assets and the renewal of existing assets, as well as spending on repairs and maintenance by asset class.
- National Treasury has recommended that municipalities should allocate at least 40 per cent of their capital budget to the renewal of existing assets, and allocations to repairs and maintenance should be 8 per cent of PPE. The Municipality is working towards meeting both of these recommendations but the budget for Ubuhlebezwe is adequate to secure the ongoing health of the municipality's infrastructure.
- Ubuhhlebezwe municipality has resolved to utilize internal staff when renewing assets where feasible. This has also reduced the cost of renewal of assets whilst assets are still being renewed. This was done in order to ensure that assets are renewed whilst lesser budget is allocated towards renewal. The cost of renewal is therefore embedded in the salaries of staff members.

#### 1.7.10 Explanatory notes to Table A10 - Basic Service Delivery Measurement

- Table A10 provides an overview of service delivery levels, including backlogs (below minimum service level), for each of the main services. The Municipality continues to make good progress with the eradication of backlogs:
- The number of household registered for indigent in 2017/2018 is expected to increase therefore entitled to receiving Free Basic Services, this is covered by municipality's equitable share.

#### PART 2

#### 2.1 OVERVIEW OF ANNUAL BUDGET PROCESS

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the Executive Committee members, the Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the Mayor.

The primary aims of the Budget Steering Committee are to ensure:

- That the process followed to compile the budget complies with legislation and good budget practices;
- That there is proper alignment between the policy and service delivery priorities set out in the municipality"s IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- That the municipality"s revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- That the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.
- The budget is further interrogated by the Executive Committee, Finance

Committee and Management Committee during a strategic planning session.

## 2.2 OVERVIEW OF ALIGNMENT OF ANNUAL BUDGET WITH INTERGRATED DEVELOPMENT PLAN

The municipality's IDP is its principal strategic planning instrument, which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan. The Process Plan applicable to the newly developed IDP includes the following key IDP processes and deliverables:

- Registration of community needs;
- Compilation of departmental business plans including key performance indicators and targets;
- Financial planning and budgeting process;
- Public participation process;
- Compilation of the SDBIP, and
- The review of the performance management and monitoring processes.

The details of all revenue, operational expenditure and capital expenditure which are aligned to the goals and action plans in the Integrated Development Plan are outlined in the supporting documentation **S4 to S6** 

#### 2.3 MEASURABLE PRFORMANCE OBJECTIVES AND INDICATORS

#### **Borrowing Management**

The municipality currently does not have external borrowings. The municipality's credit worthiness has not been assessed; however there are no plans to utilize this facility in the next two years

#### **Debtors and Creditor's Management**

Creditors are paid twice a month in order to cater for SMME's and in order to avoid late payments thereby incurring interests.

The Credit Control and Debt collection policy was adopted in order to tighten up debt collection. Furthermore, the municipality utilizes services of debt collectors to collect from all defaulting debtors.

#### 2.4 OVERVIEW OF BUDGET RELATED-POLICIES

The municipality's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies.

- Credit Control and debts Collection policies
- Asset Management Policy
- Budget Policy
- Supply Chain Management Policy
- Virement Policy
- Cash Management and Investment Policy
- Property Rate Policy
- Indigent Policy

All the above policies are available on the municipality's website.

#### 2.5 OVERVIEW OF BUDGET ASSUMPTIONS

The Draft budget was prepared in accordance with guidelines and assumptions as outlined in Municipal Budget and Reporting Regulations, taking into consideration the following aspects:

- National budget assumptions, guidelines and projections;
- > Alignment with national and provincial priorities;
- > Headline inflation and gross domestic products forecasts; and
- > Revenue assumptions with regard to grants allocation in terms of revised DORA.
- Anticipated own revenue from rates and services charges, sundry charges and other revenues and affordability of ratepayers and consumers services;
- The ability of municipality to collect revenue (payment level);
- Operating expenditure cost drivers and growth thereof;
- Capital budget funding model;
- Protecting the poor by ensuring access to basic services

#### 2.6 OVERVIEW OF BUDGET FUNDING

Tariff setting plays a major role in ensuring desired levels of revenue. Getting tariffs right assists in the compilation of a credible and funded budget. The Municipality derives most of its operational revenue from grant funding. Other funding is derived from Property rates, drivers licences, investments, rentals and operating and capital grants and other minor charges (such as building plan fees, licenses and permits etc).

The revenue strategy is a function of key components such as:

- Growth in the municipal area and economic development;
- Revenue management and enhancement;
- National Treasury guidelines;
- Achievement of full cost recovery of specific user charges;
- > The Property Rates Policy in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA), and
- And the ability to extend new services and obtain cost recovery levels such as Town planning.

#### 2.7 ANNUAL BUDGETS AND SDBIPS -INTERNAL DEPARTMENT

#### 2.8 CONTRACTS HAVING BUDGETARY IMPLICATIONS

The municipality does not have contracts that go beyond the current Draft budget year and the two outer years.

In terms of the municipality's supply chain management policy, no contracts are awarded beyond the medium-term revenue and expenditure framework (three years). In ensuring adherence to this contractual time frame limitation, all reports submitted to either the bid evaluation and adjustment committees must obtain formal financial comments from the Financial Management Division of the Budget and Treasury Office Department.

#### 2.9 LEGISLATION COMPLIANCE STATUS

Compliance with the MFMA implementation requirements have been substantially adhered to through the following activities:

#### Internship programme

The Municipality is participating in the Municipal Financial Management Internship programme and has employed interns undergoing training in various divisions of the Financial Services Department.

#### Budget and Treasury Office

The Budget and Treasury Office has been established in accordance with the MFMA.

#### • Audit Committee

An Audit Committee has been established and is fully functional.

### Annual Report

Annual report is compiled in terms of the MFMA and National Treasury requirements.
